

Common Ground: Plan for 2026

Priorities: at the end of 2025 we met and identified the following focus areas for our Partnership during 2026:

What Next?

- Plans developed for each focus area which include: aims, measures, risks, resources, timescale and who else we need to involve
- Talk about them at every Partnership meeting: progress, issues, next steps
- Review these focus areas mid-year, and the full set of priorities at the end of 2026.
